COMPANY PROFILE

The company **CAO S.r.l.** has been established in January 1991, under the original name of C.A.O. CENTRO ASSISTENZA OFTALMOLOGICA, starting from the experience that Giuseppe Colasacco, the founder, had acquired since the early 80's, in the field of technical service of medical systems and laser units.

In the first decade, the company has worked throughout the Country for the technical service and sale of Medical Equipments and Laser systems for Ophthalmology. At the same time, it started successfully with the resale of disposables for Ophthalmology.

In 2003, the acknowledgement and high appreciation rendered by the majority of the Italian hospital institutions earned **CAO** the appointment as sole distributor, for the national territory, of the Lumenis Ltd Coherent Medical products. Those positive developments gave the start to the commercial branch for Urology products.

Rapidly, **CAO** becomes a reference point in the sector, thanks to the dedicated presence of its product specialists in the surgery rooms and in the Urology congresses, all over the Country. The turnover and the number of loyal customers keep increasing. In these years CAO enhances the cooperation with medical centers and surgeons' practice either in the surgical and aesthetical sectors.

CAO has developed an organized structure. Its network of agents, distributors and specialist engineers, reaching the whole territory.

In 2000 the company has been entitled to use the Certification ISO 9001 on its Quality Management Systems and it is confirmed up to this time, by yearly assessments, with the new Certification ISO 9001:2008.

The company is now the sole distributor and/or supplier of technical service for the following brands:

- Lumenis Surgical
- Paramount Medical Solutions
- PolyDiagnost
- Coherent
- HGM
- Sharplan
- Lasag – Meridian
- Sciton Aesthetic
- Selefara S.r.l.
